

Beam Hela Osu Lanka actively contributes to academic growth and industry readiness. We offer internship and training programs across multiple disciplines, having trained over 50 university students in Ayurvedic drug manufacturing and quality practices.

Our team also supports curriculum development programs by providing industry insights to universities, ensuring academic offerings remain aligned with evolving market and research expectations. Additionally, we deliver guest lectures and technical sessions to students on product development, regulatory compliance, and quality assurance, fostering the next generation of skilled professionals in the field of Ayurveda.
